567. The allegations of paragraphs 1 through 566 are incorporated herein as if set out in full.

568. Pursuant to the Illegal Scheme, defendants Deripaska, Chernoi, Makhmudov, MDM Bank, Blonde Management, Blonde Investments, Pan-American, Kislin, Russian Aluminum, RUAL, Sibirsky U.S., SibAl, Bauxal, Metcare and Unimetal conspired among themselves, and with others, to violate sections 1962(a), (b) and (c) by taking over NKAZ and the rest of the aluminum and other metals industries in Russia.

569. Deripaska, Chernoi and Makhmudov knowingly agreed among themselves to take over and monopolize the aluminum and other metals industries in Russia and agreed to commit at least two Predicate Acts in furtherance thereof.

570. This allegation is based upon various statements made by Makhmudov to Khaidarov that Makhmudov and Chernoi intended to take over NKAZ through the Sham Bankruptcy and statements concerning the specific manner in which the Illegal Scheme was to be accomplished.

571. This allegation is based upon the fact that Deripaska was specifically involved in the discussions concerning illegal payments to Tuleyev in return for Tuleyev's assistance in taking over NKAZ.

572. This allegation is based upon Chernoi's, Deripaska's and Makhmudov's participation in the Predicate Acts alleged herein.

573. Each of the remaining defendants knowingly agreed to participate in the conspiracy to take over and monopolize the aluminum and other metals industries in Russia by agreeing to participate in, among others, at least two of the following Predicate Acts in furtherance of the Conspiracy.

- i. Russian Aluminum: As alleged herein, Russian Aluminum agreed to participate in Predicate Acts of wire fraud, mail fraud, money laundering, illegal transactions in monetary instruments and travel act violations.
- ii. RUAL: As alleged herein, RUAL agreed to participate in Predicate Acts of wire fraud, mail fraud, money laundering and illegal transactions in monetary instruments.
- iii. MDM Bank: As alleged herein, MDM Bank agreed to participate in Predicate Acts of bribery, wire fraud, mail fraud, money laundering and illegal transactions in monetary instruments.
- iv. Sibirsky U.S.: As alleged herein, Sibirsky U.S. agreed to participate in Predicate Acts of wire fraud, mail fraud, money laundering and illegal transactions in monetary instruments.
- v. SibAl: As alleged herein, SibAl agreed to participate in Predicate Acts of extortion, bribery, wire fraud, mail fraud, money laundering, illegal transactions in monetary instruments, Hobbs act violations and travel act violations.
- vi. Bauxal: As alleged herein, Bauxal agreed to participate in Predicate Acts of wire fraud, mail fraud, money laundering and illegal transactions in monetary instruments.
- vii. Unimetal: As alleged herein, Unimetal agreed to participate in Predicate Acts of wire fraud, mail fraud, money laundering and illegal transactions in monetary instruments.
- viii. Metcare: As alleged herein, Metcare agreed to participate in Predicate Acts of wire fraud, mail fraud, money laundering and illegal transactions in monetary instruments.
- ix. Pan-American: As alleged herein, Pan-American agreed to participate in Predicate Acts of bribery, wire fraud, money laundering and illegal transactions in monetary instruments.
- x. Blonde Management: As alleged herein, Blonde Management agreed to participate in Predicate Acts of bribery, wire fraud, money laundering and illegal transactions in monetary instruments.

- xi. Blonde Investments: As alleged herein, Blonde Investments agreed to participate in Predicate Acts of bribery, wire fraud, money laundering and illegal transactions in monetary instruments.
- xii. Kislin: As alleged herein, Kislin agreed to participate in Predicate Acts of bribery, wire fraud, money laundering and illegal transactions in monetary instruments.

574. Given the complexity and far-reaching nature of the Conspiracy, coupled with the number of instances in which each of these defendants engaged in the Predicate Acts alleged herein, the Predicate Acts committed by these defendants could not have been committed without coordination and agreement among these defendants to knowingly participate in the Conspiracy. This coordination and agreement is evidenced by, among other things, the following:

- i. The coordination and agreement necessary to accomplish money laundering required, for example, production of aluminum by NKAZ, sale of that aluminum by Russian Aluminum through RUAL to Unimetal or Metcare, and the movement of the proceeds from those sales through numerous bank accounts for the ultimate benefit of Chernoi, Deripaska and Makhmudov.
- ii. The coordination and agreement necessary to accomplish wire fraud required, for example, the formation of one of the fraudulent schemes by Chernoi, Deripaska and Makhmudov, for example, the takeover of SAZ by establishment of fraudulently named companies in the Bahamas to which aluminum of SAZ was diverted, the diversion of the funds derived from that operation by wire transfers through banks located in the United States to Pan-American, Blonde Management, Blonde Investments, and the investment of those funds by Kislin in New York real estate for Chernoi's benefit.

575. As a direct and proximate cause of the above conspiracy, the BMT Plaintiffs suffered damages in an amount in excess of \$900 million.

**Жалоба на действия внешнего управляющего ОАО "Новокузнецкий алюминиевый завод"
Чернышев С.А.**

Определением арбитражного суда Кемеровской области от 20 марта 2000 г. по делу №А27-610,774/2000-4 в отношении ОАО "Новокузнецкий алюминиевый завод" была применена процедура внешнего управления, внешним управляющим был назначен Чернышев С.А.

13 декабря 2000 г. ОАО "НКАЗ" было получено требование конкурсного кредитора ОАО "Кузбассэнерго" о включении в реестр требований кредиторов ОАО "НКАЗ" суммой требований 1 млрд. 405 млн. рублей. В соответствии с требованиями п.1 ст. 75 ФЗ "О несостоятельности (банкротстве)", к требованию были приложены документы, позволяющие определить заявленные требования как установленные - вступившие в законную силу решения и постановления апелляционной инстанции арбитражного суда Кемеровской области по делам А27-6402/99-1, А27-8383/97-1 о взыскании с ОАО "НКАЗ" в пользу ОАО "Кузбассэнерго" задолженности за потребленную электроэнергию.

По истечению двухнедельного срока, установленного п.2 ст. 75 Закона для включения в реестр заявленных требований, 28 декабря 2000 г. ОАО "Кузбассэнерго" направило требование о созыве собрания кредиторов ОАО "НКАЗ", так как ОАО "Кузбассэнерго" с учетом заявленной суммы обладает более чем третью от денежных обязательств должника. Данное требование было получено ОАО "НКАЗ" 29 декабря 2000 г. В соответствии с требованиями п.2 ст. 13 Закона, собрание должно быть созвано не позднее 15 января 2001 г. Однако в связи с тем, что повестка создаваемого собрания кредиторов содержало одним из вопросов повестки для вопроса об отстранении Чернышева С.А., внешний управляющий проигнорировал законные требования крупнейшего кредитора должника ОАО "Кузбассэнерго" о созыве собрания. В нарушение требований п.2 ст. 75 Закона, внешний управляющий Чернышев С.А. также не уведомил ОАО "Кузбассэнерго" о результатах рассмотрения требований, установленных вступившими в законную силу решениями арбитражного суда Кемеровской области.

Кроме того, за время исполнения обязанностей руководителя должника и внешнего управляющего, Чернышев С.А. неоднократно нарушал действующее законодательство и ущемлял права кредиторов, заключал заведомо не выгодные договоры, не требовал дебиторскую задолженность у покупателей металла, чем причинил значительный ущерб как ОАО "НКАЗ", так и кредиторам.

ОАО "Кузбассэнерго" (конкурсный кредитор ОАО "НКАЗ") просит ФСФО России провести проверку деятельности внешнего управляющего ОАО "НКАЗ" Чернышева С.А. в соответствии с Положением об осуществлении сотрудниками Федеральной службы России

23.01.2001 No. 70-001/366
for No. _____ dated _____

Complaint relating to actions of S.A. Chernyshev, the external
manager of the OAO "Novokuznetsky Aluminievy Zavod"

By determination of the arbitration tribunal of the Kemerovo
Region dated 20 March 2000 with respect to the case No. A27-
610, 774/2000-4 the procedure of external management was
applied to the OAO "Novokuznetsky Aluminievy Zavod",
S.A. Chernyshev was appointed as external manager.

On 13 December 2000 the OAO "NKAZ" received a demand of
the bankrupt creditor OAO "Kuzbassenergo" to include the same
in the register of claims of the creditors of the OAO "NKAZ"
with the claim amount of 1 billion 405 million rubles. In accor-
dance with the requirements of clause 1 Art. 75 of the Federal
Law "On Insolvency (bankruptcy)" the demand was accompanied
by documents allowing to state the alleged claim as established
- effective decisions and ordinances issued by the appeal in-
stance of the arbitration tribunal of the Kemerovo Region with
respect to cases A27-6402/99-1, A27-8383/97-1 about collec-
tion of the debts for the electric energy consumed from the OAO
"NKAZ" in favor of OAO "Kuzbassenergo".

On the expiry of the two week period fixed by clause 2 Art. 75
of the Law for entering the declared claims in the register, on
28 December 2000 the OAO "Kuzbassenergo" sent a request to
hold a meeting of creditors of the OAO "NKAZ", because to-
gether with the claimed amount the OAO "Kuzbassenergo" holds
more than one third of the money obligations of the debtor.
This request was received by the OAO "NKAZ" on 29 December
2000. In accordance with the requirements of clause 2 Art. 13
of the Law the meeting should be convened not later than on 15
January 2001. However, due to the fact that the order of the
meeting to be convened included the proposal to remove S.A.

Chernyshev, the external manager ignored the lawful demands of the major creditor of the debtor, i.e. OAO "Kuzbassenergo", to convene a meeting. In violation of the requirements clause 2 Art. 75 of the Law the external manager, S.A. Chernyshev, did not give any notice to the OAO "Kuzbassenergo" about the results of consideration of claims established by effective decisions of the arbitration tribunal of the Kemerovo region.

Moreover, in execution of his duties as director of the debtor and external manager S.A. Chernyshev repeatedly violated the legislation in force and infringed rights of the creditors, he concluded knowingly unfavorable contracts, did not demand the accounts receivables from the metal purchasers which substantially damaged both the OAO "NKAZ" and its creditors.

The OAO "Kuzbassenergo" (the bankrupt creditor of the OAO "NKAZ") asks the FSFO of Russia to carry out an inspection of the activities of S.A. Chernyshev, the external manager of the OAO "NKAZ", in accordance with the Regulation of performance by the officials of the Federal Service of Russia...

Dear Natalya Vladimirovna!

In addition to our complaint about actions of S.A. Chernyshev, arbitration manager of the OAO "NKAZ" dated 23.01.2001 No. 70-001/366 we provide you with information about violations of the bankruptcy legislation by S.A. Chernyshev.

In the course of his activities as acting director of the Debtor and external manager of the OAO "NKAZ" S.A. Chernyshev concluded knowingly unfavorable contracts which resulted in increase of insolvency of the OAO "NKAZ".

1. In the course of the supervision procedure S.A. Chernyshev acted as director of the Debtor for the period from 17 February 2000 until 20 March 2000. For such a short period - 1 month - the money obligations of the OAO "NKAZ" increased by 2 billion rubles. According to the report of the external manager this period gave rise to the debts to the following companies:

- OOO "Azial" - 644 million rubles
- OOO "Resursy Yevrazii" - 281 million rubles
- OOO "Energopromservis" - 112 million rubles
- Flamstead Investments Ltd. - 738 million rubles

- OAO "Obyedinennaya kompaniya "Sibirsky Alyuminly"
- 172 million rubles;

Total: 1 billion 947 rubles

All these money obligations arose from contracts concluded on behalf of the OAO "NKAZ" by virtue of powers of attorney issued by S.A. Chernyshev. As they were arising they were immediately secured by mortgage of the property of the OAO "NKAZ" and included in the privileged 3rd order. Moreover, according to these contracts the OAO "NKAZ" obtained no property necessary for its business activities. The most glaring example is the contract with Flamstead Investments Limited.

On 21 February 2000 a contract was entered into by the OAO "NKAZ" and the Flamstead Investments Limited company under number FL-21.2-04. According to clause 6.1 of the contract the Vendor (the OAO "NKAZ") was obliged to supply the Purchaser with 21 000 metric tons of primary aluminum for the value of 26 040 000 US dollars by 5 March 2000. However, at the date of signing of the contract all available aluminum and that being produced was arrested pursuant to security measures taken in the course of bankruptcy procedure. At the date of signing of the contract the said foreign firm delivered its promissory notes to the amount of 738 million rubles as a consideration for the aluminum to be allegedly supplied. In connection with the fact that the OAO "NKAZ" does not fulfill its obligations to supply the aluminum by 5 March the foreign firm reclaims money but not its notes according to clause 11.3 of the contract. On 9 March the firm declares its demand to include the same in the register of the bankrupt creditors and as early as on 10 March it takes part in the meeting of the creditors supporting S.A. Chernyshev as nominated external manager. It is clear that this bargain was a simulation and was concluded on behalf of the OAO "NKAZ" for the exclusive purpose of obtaining of approval of the meeting of the creditors relating to the issues necessary for S.A. Chernyshev.

The simulative nature of this bargain is also evidenced by the following circumstances. The OAO "NKAZ" did not secure wagons from the Ministry of Communication Lines for transportation of this aluminum to the Purchaser. Moreover, even if the OAO "NKAZ" had shipped the whole amount of the aluminum to be sold the delivery terms ac-

ording to the contract (FOB, DAF - Incoterms 90) could not be satisfied due to the duration of the railroad transportation.

The similar contracts entered into for the purpose of forming "voting" accounts payable were concluded with other firms specified above. The conditions of the contracts provided for delivery of various goods to the OAO "NKAZ" (the Purchaser) on the terms "free on storehouse of the Purchaser" or obligation of the Purchaser to pay in advance. The goods (raw stock, equipment) allegedly delivered to the OAO "NKAZ" pursuant to such contracts have not been delivered to the OAO "NKAZ" until now, to the knowledge of the OAO "Kuzbassenergo".

Thus, it may be stated with certainty that in the period when the temporary manager of the OAO "NKAZ" acted as director of the Debtor he concluded several deals increasing the insolvency of the OAO "NKAZ" by a sum of approximately two billion rubles. Certainly, such activities of S.A. Chernyshev directly conflicts with the requirements provided by Art. 20 of the Federal Law "On insolvency (bankruptcy)" and may not be combined, in our opinion, with the status of arbitration manager.

2. In execution of his duties as external manager S.A. Chernyshev did not act to protect the property of the Debtor and the interests of its creditors either.

For a period of the external management of the OAO "NKAZ" the (current) accounts payable reached 60 million US dollars (the data were extracted from the report of the external manager). To the contrary, the accounts receivable not only remained uncollected but also increased to 103 million US dollars. Nevertheless, the foreign economic conditions were favorable for the activities of the OAO "NKAZ" (stably high dollar exchange rate, aluminum price at the LME). It is evident that the external manager, at the minimum, did not take actions towards re-establishment of paying capacity of the OAO "NKAZ".

The contrary nature of the actions of S.A. Chernyshev is evidenced by the following data from his report relating to the results of his external management.

According to the Certificate of tax charge and payment, for 12 months of 2000 the OAO "NKAZ" was charged the export VAT amounting to - (minus) 489,5 million rubles. This line means that the OAO "NKAZ" is subject to refund of the value-added tax calculated as excess of the sum of VAT paid by the OAO "NKAZ" to the suppliers of inventory used for export production, over the sum of VAT obtained by the OAO "NKAZ" from the purchasers of the exports. Since the exports are exempt from VAT according to clause 5 "a" of the Law of the Russian Federation "On value-added tax" this line should indicate the full amount of VAT paid by the OAO "NKAZ" to the suppliers of inventory used for export production.

According to Annex No. 4 to the report of the external manager the direct export by the OAO "NKAZ" totaled 227 million US dollars. Respectively, the amount of VAT subject to refund from the budget amounts (given the profitability of 10%) at least 40 million US dollars or 1,2 billion rubles.

The discrepancy of figures specified in the report implies that the OAO "NKAZ" did not export aluminum under direct contracts but used agency contracts with third companies which received the refund of export VAT. The direct losses from such activities equaled at least 700 million rubles.

We believe that the information provided by the OAO "Kuzbassenergo" is sufficient to initiate a comprehensive inspection of activities of the external manager of the OAO "NKAZ", S.A. Chernyshev, with involvement of independent experts. Taking into account the new presented data the OAO "Kuzbassenergo" insists on its demand to revoke the license of arbitration manager of 2 class issued to S.A. Chernyshev.

13.09.2001 № 32-РР/1504

На № _____ от _____

Уважаемая Наталья Владимировна!

В дополнение к нашей жалобе на действия арбитражного
управляющего ОАО «НКАЗ» Чернышев С.А. от 23.01.2001 г. № 70-
001/366, сообщаем сведения о нарушениях законодательства о
банкротстве Чернышевым С.А.

В ходе своей деятельности в качестве исполняющего обязанности
руководителя Должника, а также внешнего управляющего ОАО «НКАЗ»,
Чернышевым С.А. заключались заведомо невыгодные сделки, что влекло
увеличение неплатежеспособности ОАО «НКАЗ».

1. В ходе процедуры наблюдения Чернышев С.А. осуществлял
обязанности руководителя Должника в период с 17 февраля 2000 г. по 20
марта 2000 г. За столь короткий период - 1 месяц - денежные
обязательства ОАО «НКАЗ» выросли на 2 миллиарда рублей. В
соответствии с отчетом внешнего управляющего в этот период появилась
задолженность перед компаниями:

- ООО «Азна» - 644 млн. рублей;
- ООО «Ресурсы Евразии» - 281 млн. рублей;
- ООО «Энергопромсервис» - 112 млн. рублей;
- Flamingo Investments Ltd. - 738 млн. рублей;
- ОАО «Объединенная компания «Сибирский алюминий» - 172 млн.
рублей;

Итого: 1 млрд. 947 рублей.

Все эти денежные обязательства возникли из договоров,
заключенных от имени ОАО «НКАЗ» по доверенностям, выданным
Чернышевым С.А. По мере их возникновения, обязательства немедленно
обеспечивались залогом имущества ОАО «НКАЗ» и включались в
приоритетную 3 очередь. Причем по данным договорам ОАО
«НКАЗ» не получал имущества, необходимого для хозяйственной

деятельности. Наиболее ярким примером является договор с Flamstead Investments Limited.

21 февраля 2000 г. между ОАО «НКАЗ» и компанией Flamstead Investments Limited был заключен договор № FL-21.2-04. В соответствии с п. 6.1 договора Продавец (ОАО «НКАЗ») обязан был поставить Покупателю 21 000 мт. первичного алюминия на сумму 26 040 000 долларов США до 5 марта 2000 г. Причем на дату заключения договора весь имеющийся в наличии и выпускаемый первичный алюминий был арестован в рамках мер обеспечения, принятых в ходе процедуры банкротства. В день заключения договора указанная иностранная фирма передает свои векселя на сумму 738 млн. рублей в качестве оплаты за якобы поставляемый в будущем алюминий. В связи с тем, что ОАО «НКАЗ» не выполняет свои обязательства по поставке алюминия к 5 марта, иностранная фирма требует обратно уже не свои векселя, а деньги в соответствии с п. 11.3 договора. 9 марта предъявляет свои требования о включении в реестр конкурсных кредиторов и уже 10 марта участвует в собрании кредиторов, поддерживал Чернышева С.А. в качестве кандидата на пост внешнего управляющего. Очевидно, что данная сделка носит притворный характер и была заключена от имени ОАО «НКАЗ» исключительно с целью создания дополнительной кредиторской задолженности для проведения на собраниях кредиторов пущных Чернышеву С.А. вопросов.

О притворности данной сделки также говорят следующие обстоятельства. ОАО «НКАЗ» не заказывалось у МПС вагоны для транспортировки данного алюминия Покупателю. Кроме того, даже если бы ОАО «НКАЗ» отгрузил весь объем продаваемого алюминия, то условия поставки по договору (FOB, DAF – Инкотермс 90 – передача товара на границе либо при погрузке на судно) не могли быть выполнены по срокам движения железнодорожного состава.

Аналогичные контракты, заключенные с целью формирования «голосующей» кредиторской задолженности были заключены с другими фирмами, указанными выше. Условиями договоров была предусмотрена передача ОАО «НКАЗ» (Покупателю) различных товаров на условиях «франко-склад Продавец» либо обязанности Покупателя совершить предоплату. Товары (сырье, оборудование), якобы персланные ОАО «НКАЗ» по такого рода договорам, по данным ОАО «Кузбассэнерго», не поступили на ОАО «НКАЗ» до сих пор.

Таким образом, можно с уверенностью сказать, что в период исполнения временным управляющим ОАО «НКАЗ» обязанностей руководителя Должника, им были заключены несколько сделок, увеличивающих неплатежеспособность ОАО «НКАЗ» на сумму около двух миллиардов рублей. Очевидно, что такая деятельность Чернышева С.А. прямо противоречит требованиям, установленным ст. 20 ФЗ «О несостоятельности (банкротстве)», и не может, по нашему мнению, соотвестать со статусом арбитражного управляющего.

2. В ходе внешнего управления деятельность Чернышева С.А. также не была направлена на защиту имущества Должника и интересов кредиторов.

За время внешнего управления на ОАО «НКАЗ» кредиторская задолженность (текущая) достигла 60 млн. долларов (данные взяты из отчета внешнего управления). В то же время дебиторская задолженность за время внешнего управления не только не была взыскана, но и увеличилась до 103 млн. долларов. Причем внешнеэкономическая ситуация благоприятствовала деятельности ОАО «НКАЗ» (стабильно высокий курс доллара, цена алюминия на LME). Очевидно, что внешним управлением, как минимум, не были предприняты действия, направленные на восстановление платежеспособности ОАО «НКАЗ».

Об обратном характере действий Чернышева С.А. свидетельствуют следующие данные из его отчета по итогам внешнего управления.

В соответствии со Справкой по начислению и уплате налогов ОАО «НКАЗ» за 12 месяцев 2000 г. НДС экспортный был начислен в размере - (минус) 489,5 млн. рублей. Данная строка означает, что ОАО «НКАЗ» подлежит возмещению из бюджета налог на добавленную стоимость, исчисленный как превышение суммы НДС, уплаченного ОАО «НКАЗ» поставщикам товарно-материальных ценностей, использованных при производстве экспортной продукции, и суммы НДС, полученного ОАО «НКАЗ» от покупателей экспортируемого товара. Поскольку в соответствии с пунктом 5 «а» Закона РФ «О налоге на добавленную стоимость» экспортируемые товары освобождаются от налога на добавленную стоимость, то по данной строке должна быть отражена вся сумма НДС, уплаченного ОАО «НКАЗ» поставщикам за ТМЦ, использованные при производстве экспортируемых товаров.

В соответствии с Приложением № 4 к отчету внешнего управляющего прямой экспорт ОАО «НКАЗ» составил 227 млн. долларов США. Соответственно, размер НДС, подлежащего возмещению из бюджета, составляет (с учетом рентабельности 10 %) не менее 40 млн. долларов США или 1,2 млрд. рублей.

Из противоречия цифр, представленных в отчете, можно сделать вывод, что ОАО «НКАЗ» не экспортировало алюминий по прямым договорам, а использовало агентские договоры со сторонними компаниями, которые и получали возмещение экспортного НДС. Прямые убытки от такой деятельности составили не менее 700 миллионов рублей.

Полагаем, что представленных ОАО «Кузбассэнерго» данных достаточно для проведения комплексной проверки деятельности арбитражного управляющего ОАО «НКАЗ» Чернышева С.А. с привлечением независимых специалистов. С учетом вновь представленных данных ОАО «Кузбассэнерго» поддерживает свое требование об отзыве у Чернышева С.А. лицензии арбитражного управляющего 2 категории.
